LIST
of road construction equipment, machines, mechanisms, and equipment

№	Equipment name	Technical specifications	Number of units
1	Dump truck	Carrying capacity of not less than 15 tonnes	60
2	Motor grader	Average not less than 15 tons	80
3	Front loader	Bucket volume not less than 3 m3	60
4	Bulldozer	Weight not less than 22 tons, power not less than 160 kW	12
5	Snow blower	Rotary, capacity not less than 1300 tons per hour	12
6	Single drum combined roller	Not less than 10 tons	18
7	Two-drum roller	Not less than 10 tons	18
8	Pneumatic roller	Not less than 10 tons	18
9	Asphalt paver	Paving width of not less than 7 meters	18
10	Crawler excavator	Bucket volume not less than 1.2 cubic meters	10
И	Niva Chevrolet	5 door	20
12	Asphalt concrete plant	Productivity not less than 80 tons per hour	7
13	Stone crushing plant	Productivity is not less than 300 tons per hour	7
14	Bitumen truck	Carrying capacity not less than 20 tons	7
15	truck crane	Carrying capacity not less than 20 tons	7
16	Combined road vehicle	Combined	24
	TOTAL:		**395**
