- 5 Special Economic Zones with tax exemptions; lease rates from $1/m² per year
- Law on Investments guarantees equal rights for domestic and foreign investors
- State Investment Program 2026–2030 totaling $15.7 billion
- 98% of electricity from renewable sources (hydropower)
- Strategic location providing access to Central Asian, Chinese, and South Asian markets

GLOBAL PARTNERSHIPS

International Cooperation

$2.49 bln
product exports in 2025, +27.7% year-on-year

100+
partner countries worldwide

5 SEZs
Special Economic Zones with tax incentives

Key international partnerships

- Active cooperation with China, Korea, Japan, the UAE, Germany and other nations
- SCO and ECO membership, alongside engagement with the EAEU — access to Central and South Asian markets
- State Investment Program 2026–2030 totaling $15.7 billion
- Strategic location at the crossroads of Asia–Europe trade routes
- The 2026 forums — a platform for attracting international investment and partnerships

Five International Forums

Dushanbe · 2026

August 20–21

Food Industry Forum

1st edition

September 22–23

Textile Forum

2nd edition

October 30–31

AI Conf 2026

2nd edition

November

Mining & Metallurgy Forum

3rd edition

December 9

Coal Industry Forum

1st edition

01

August 20–21, 2026

Dushanbe

1st edition

First International Food Industry Forum

8.1 bln
TJS — food production volume

+12.3%
food production growth

$450 mln
agricultural exports — 10-year record

+18%
agricultural export growth

Opportunities for international partners

- Technology cooperation — international expertise in fruit, vegetable, and dairy processing
- Investment in deep processing of agricultural products — new niches available
- Export potential of Tajik food products to CIS, Asian, and EU markets
- Tajikistan as a market — quality food products for a growing 11-million consumer base
- Joint quality standards and product certification initiatives

03

October 30–31, 2026

Dushanbe

2nd edition

Second International AI Conference — AI Conf 2026

$117 mln
agreements at AI Conf 2025

20
agreements signed (2025)

400+
participants from 10+ countries

5% GDP
AI contribution target (2040)

Opportunities for international partners

- Investment in Area AI — the world's first dedicated Artificial Intelligence zone
- AI cluster powered by NVIDIA H200 — running on 100% renewable hydropower
- National Cloud Center (Presight AI + zypl.ai) — open for international IT companies
- AI Strategy through 2040 — first in Central Asia, broad investment opportunities
- Education — university partnerships for training AI specialists
