The Ambassador
Embassy of the Republic of Turkey
Freetown

Your Excellency,

INTRODUCTION TO TURKISH CHAMBER OF COMMERCE

We are pleased to introduce our company, FIRS TRICON LIMITED to Your Excellency. We are a civil engineering and construction company engaged by the Government of Sierra Leone to carry out construction of roads and bridges in the Southern Region of the country.

In pursuant of the execution of our various Government-awarded Road and bridge construction projects in the Republic of Sierra Leone, we desire to purchase some specialised equipment and accessories for our construction works. Specifically, we are interested in the underlisted:

MATERIALS

1. Scaffolding materials and accessories
2. Water resistant Plywood, H wooden beams and accessories
3. Acrow props, jacks with bases, Dwidag rods and nuts
4. Others

EQUIPMENT

1. Prestressing Equipment including Prestressing Jacks, Extrusion Jacks, Mixers
2. 12.7 and 15.7mm Strands
3. 100mm x 0.25 Steel Duct Pipes

We solicit your assistance and introduction to manufacturers of above listed materials and And equipment.

Please accept our esteemed appreciation.

FIRST TRICON LIMITED
